

Some Questions and Answers

Q. When will the new unit be available?

A. We expect to start shipping in November. Your local Words+ representative can stop by to demonstrate the Say-it! SAM Communicator now, or even arrange a trial loan or rental.

Q. What will it cost?

A. Introductory pricing is the same as the previous version. See below for pricing.

Q. Are there standard vocabularies?

A. It comes with over 6500 Mayer-Johnson symbols and a small vocabulary to get you started. Every user adds family, friends, and other individualized communication. We'll be offering the new Say-it! SAM Vocabularies on both our Say-it! SAM Tablets and Say-it! SAM Communicator very soon as optional accessories. Join our mailing list for the latest releases!

Vocabularies include CallTalk®, Chailey Communication System®, MessageMaker®, Wordsmith®, and Ingfield Dynamic Vocabulary®.

Q. Does it come in a variety of colors?

A. Yes. Colors express your personality, and help build the bond with your device. Available colors are: basic black, deep blue, cherry red, pewter gray, hot pink, lime green and Plum Purple. Colors can also be exchanged later at the factory for an additional charge.

Q. Is it rugged?

A. It is durable, but not as rugged as our fully-ruggedized product lines. You should still not drop or throw the unit.

Q. What accessories are included?

A. A shoulder strap and waist belt are included. It also comes with an AC adapter for easy and reliable recharging, and a USB cable for connecting it to a desktop or notebook computer. Using the included Say-it! SAM Layout Designer software, you can modify the user's communication on your computer and download your changes to the Say-it! SAM Communicator.

The All-New *Say-it!* SAM COMMUNICATOR Version 2

- Sleek new ergonomic design
- Easy to learn, easy to use, easy to set up.
- Very good sound in a very portable package.
- Long battery life.

The Say-it! SAM Communicator has been one of our most popular products since 2003. Now we've completely updated the design! The new Say-it! SAM Communicator has a new look with a larger speaker for better sound, plus more battery life, a faster processor, and an easier-to-use, more robust charging port. It responds quicker to the touch, starts up easily even if the battery runs all the way down, and has a daylight display. We've added a NeoSpeech voice option to the traditional DECTalk voice. More technical details are below.

- Size: 6.5" x 3.5" x 1.9"
- Weight: 14 oz.
- CPU: 624MHz Intel® PXA270
- Memory: 384 MB total with up to 256 MB (192 MB ROM and 64 MB SDRAM) available for programs and files.
- Additional memory: 1GB Compact Flash card built into the unit.
- Display: 3.5" viewable image transfective TFT (indoor/outdoor) QVGA (320 x 240), 64K (65,536) colors (16-bit)
- Touch screen

Seven vivid colors to choose from:

- Lime Green
- Hot Pink
- Cherry Red
- Basic Black
- Pewter Gray
- Deep Blue
- Plum Purple

Convenient custom carrying case available

Take SAM along with this durable vinyl case that comes with both a shoulder strap (shown) and a belt strap for easy access.

- Battery: 2880 mAh. About 10 hours of on-time with the screen at full brightness and speaking every 10 seconds. (This is more strenuous exercise than most users will put it through. This performance is for a new battery, and all batteries gradually lose some capacity after months of charge and discharge cycles.)
- Wireless: Bluetooth, Integrated WLAN 802.11b.
- Operating System: Microsoft® Windows Mobile™ 5.0 for Pocket PC, Premium Edition.
- Mobile versions of Microsoft software are included (Outlook®, Word®, Excel®, PowerPoint®, Windows Media® Player, and Internet Explorer®).
